

Join Our Team as a....

Navigation Team Counselor (Clinical Level)

Company: New Phase Navigation

Location: Remote & Occasional In-person

Hours: 4-8 hrs/week (Flexible, including weekends, but not required)

Pay: \$75-\$85/hr (Independent Contractor)

About New Phase Navigation

New Phase Navigation is a care navigation company that provides **multi-systemic care** for adults experiencing health transitions. Each of our clients is uniquely matched with a dedicated **case manager** and, if indicated, a counselor and Home Helper, forming a personalized navigation team tailored to their needs.

We believe that **mind, care, and community** are equally important in forming meaningful relationships with our clients. As the **Clinical Counselor**, you play a crucial role in providing **licensed mental health support** to individuals adjusting to illness, disability, or life transitions.

Role Overview

This is an **independent contractor** role, ideal for licensed mental health professionals who want **flexibility while making a meaningful impact**. You'll provide clinical counseling services, facilitate goals-of-care discussions, and collaborate with behavioral health providers and the care team to ensure **holistic, patient-centered support**.

Key Responsibilities

- Provide **licensed clinical counseling** to individuals adjusting to progressive illness, disability, or major life transitions.
- Conduct **comprehensive behavioral health assessments** (e.g., PHQ-9, Geriatric Depression Scale) and establish care goals.
- Offer **individual, couples, or family counseling** to help clients navigate shifting roles, grief, and health challenges.

- Collaborate with **psychiatrists, primary care physicians, and case managers** to align treatment plans.
- Participate in **multidisciplinary team meetings** to share insights into clients' mental health and care needs.
- **Document encounters** in a timely manner in the Electronic Health Record (EHR).

Why Join Us?

- **Flexible scheduling** tailored to your availability.
- **Work from home** (virtual and hybrid options available).
- **CEU opportunities** through speakers, presentations, and community events.
- **Free clinical and group supervision** for MSW, LSW, and LCSW candidates.
- **Be part of an innovative model** shaping the future of integrated healthcare.

Attributes & Qualifications

- **Compassionate, licensed mental health professional** with experience in health transitions.
- **Licensing required:** LCSW, LSW, LPC, LMFT, PsyD, or equivalent.
- **Strong collaboration skills** to work alongside case managers and caregivers.
- **Ability to navigate complex family dynamics** and facilitate difficult conversations.
- **Openness to community engagement** and occasional travel.

How to Apply
